Chairman's Message

Doug Gordon

As noted on our website at the beginning of this year, it is with deep regret that our plans for hosting a reunion for 2011 have stopped. As we mentioned in the last newsletter, many hands are needed to plan such a large event, and as the board members are aging out and lack of new volunteers to join the board / reunion committee, we no longer have enough resources to organize a reunion this year or for future years.

The Dryden board / reunion committee met a number of times to discuss the viability of hosting a 2011 reunion, and it is with deep sadness that we felt that we can no longer put together a reunion with the same equal flair and style as our 2005 event.

If we get enough volunteers to help pick up the torch and assist our current staff, we would be more than willing to share our experience and knowledge to help you run a successful reunion in future years. Until that time, we are not planning or setting a date for another event. I know many of your are disappointed.

Our database is getting outdated as many of you have moved or passed on, so please forward this newsletter to anyone you have contact with in the Dryden family. If you send us any corrections / additions of address, phone, or email, we will try to keep our lists up to date as much as it is possible for anyone in the future who wishes to organize another fantastic event.
